Be The Best You Can Be

June 1, 2010

Dear St. Elizabeth Families,

In this, our final Wednesday Communication, I would like to thank all of our school families for entrusting your children to our care. It's been a pleasure working with you.

The end of the school year 2009-2010 is quickly approaching with only 2 days left. In reviewing the events and challenges of the year, I realize how each faculty and staff member along with the families and students made St. Elizabeth a very special place. Education is a team effort and together we all achieve more.

In moving forward with the closing of St. Elizabeth School and the placement of our students into new schools, new paths and opportunities await each and every one of us. Although saddened, our minds are already on completions and new beginnings.

The 8th graders celebrated their Graduation this past weekend. We congratulate our sixteen eighth grade students as they prepare for their journey into high school. The young men and women have been a joy to work with this year. They will be greatly missed, as will their families. I know wonderful opportunities await them in the future.
